## TREE TRIMMING

### Important tips for members:

- Avoid DIY - Do not trim trees yourself, only qualified professionals should work around high voltage**
- Plant Smart - Plant trees and vegetation far way from powerlines**
- Ask for help - Always call the office and report any concerns**

# REMINDER – SPRING BURNING!

Garland's line crews witness the damage done to poles and equipment by "controlled" burns every spring and fall. Please be aware that burning or even scorching a power pole can compromise its integrity. Please report a burned pole immediately so our crew can come inspect it.
