SCHOLARSHIPS

Garland Light and Power has the privilege of offering scholarships each year to graduating high school students and college students whose parent(s) or legal guardian(s) are members of our co-op. This year Garland was able to award 6 different scholarships to assist our students in achieving their goals.

Where do these funds come from? Upon board approval, capital credits are retired to members and previous members of the co-op. When those checks are returned to Garland as undeliverable; every effort is made through phone calls, newspaper ads, and posting to our website to find those individuals. If after two years, those individuals have not been successfully located, the money goes into Garland's education fund.

Current scholarship applications are available for pick up in our office, the guidance office at PHS and CHS, or you can send an email request to glp@garlandpower.org. All scholarship applications are due by **March 2, 2026**.
