THE REPORT YOU WILL RECEIVE PROVIDES LOW AND NO COST MEASURES TO IMPROVE IRRIGATION COVERAGE ALONG WITH OTHER DETAILS. PLEASE REACH OUT TO THE OFFICE AT 307-754-2881 TO GET AN APPLICATION TODAY!

AT THE MARINA

...the water is NOT fine

Marinas are not meant to be swimming areas because docks and boats can carry sources of electricity. If this electricity seeps into the water due to faulty wiring, the water becomes energized.

If you are exposed to water that is charged with electrical current, **you can be shocked and even drown** — this is known as electric shock drowning. There are also other dangers of swimming near a marina.

DANGERS of swimming at a marina include:

1. Electric shock drowning.
2. Carbon monoxide poisoning from boat exhaust.
3. Contaminated water from a storm or spill.
4. Impact from a boat or its propellers.

Ensure marinas have ground fault circuit interrupters installed and that they are tested often. Keep your boat's electrical system well-maintained and have it inspected regularly.

Learn more at:

Grilled Chicken Sandwich with green spread

Green Spread:

- 2 ripe avocados
- handful of cilantro
- Alpine Seasoning
- lime juice

Toast sliced ciabatta bread with olive oil or butter. Grill thin sliced chicken breasts. Melt cheese of choice on chicken. Spread the green spread on bread, add chicken and any veggies you would like!
